Subject: Microsoft Settlement

Dear Honorable Federal District Court Judge,

Please find for Microsoft and their proposed settlement. I believe to do so is in the best interest of the public. As a taxpayer, I have watched and waited too long as our tax dollars are misspent on this case. It is my strong belief that these additional States which refuse to settle are doing so only for their own selfish monetary purposes and not in the best interest of their people or the United States. I believe it is time to close the book on this. I strongly support the Bush Administration and Microsoft in their desire to settle this lawsuit. Please make the correct decision on behalf of the American public and settle this case. Thank you for your consideration.

Sincerely,

R. William Pratt
